EXPERIENCE

Video Editing

Self-taught video editor and a passionate visual storyteller. I'm currently an undergraduate, and I've been editing videos for the past few years using tools like Adobe After Effects, Premiere Pro, and other basic software. I specialize in clean transitions, simple motion graphics, SFX sync, and color grading. I also have experience shooting videos, which helps me understand both sides of the camera. Always learning, always improving - I love turning raw footage into engaging content.

PROFESSIONAL EXPERIENCE

Video Editor | 2025 - 2026

Theadnetwork

As a professional Video Editor at AdNetwork, I create visually compelling content for a wide range of digital platforms and clients. My role involves conceptualizing, editing, and producing videos that align with each brand's message and creative goals.

I specialize in motion graphics, promotional ads, social media campaigns, corporate videos, explainer videos, event highlight reels, and testimonial stories — ensuring every project maintains a balance between creativity, clarity, and impact.

Using tools such as Adobe After Effects, Premiere Pro, and Photoshop, I craft edits with clean transitions, dynamic pacing, color grading, and precise SFX synchronization. I also collaborate closely with the creative team on storyboarding, timing, and post-production effects, ensuring smooth delivery of high-quality content across multiple formats including YouTube, Instagram, and LinkedIn.

EDUCATION

Bharathi Vidhya Bhavan | 2008-2020

High School
